

Fox Valley CIT, Wisconsin

State and County Systems of Care

Learning Objectives

1. Gain insight into the complexities of the human service delivery system and obstacles to access consumers must face.
2. Develop an understanding of the similarities between human service and law enforcement activities.

A human service professional will provide an overview of the service delivery system in Wisconsin, including barriers to access and provision of supports. Also addressed will be tips for establishing improved working relationships and collaboration with local service providers.
